

The Community Jury Initiative is an incredible resource to have in such a difficult time, I'm eager to find out what results they can generate by crowdsourcing the legal process. When we're feeling at our most fractured, communities must stick together to pass judgement.

Gerald Heatheridge, MP

I've made MY judgement - why haven't you made YOURS?

Tanya Jade, Recording artist/TV presenter

Ensuring fair and just punishment is more important now than ever. I hope that the CJI can work with local governments and police to help move towards a unified vision of justice in this new, changing world.

Michael Graves, Police officer

WK-23 has changed the way we live our lives forever. The CJI are at the forefront of adapting to that change, stabilising the community and working towards dependable temporary solutions until we have more information about the virus. I, for one, am happy to have them on our team.

Dr Peter Thursgood, GP

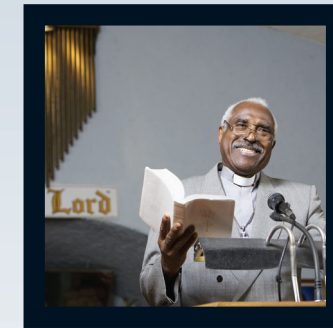

In my community, I'm happy to have my voice heard. The Community Jury Initiative listens to me, takes my opinions seriously, and lets me make a difference in my neighbourhood.

Raveena Kamal, Mum

No matter what faith we hold, we can all see the need for unity and understanding at this time. The Community Jury Initiative lets people of all backgrounds come together and feel involved in protecting their neighbourhood without the need for knee-jerk reactions.

Barry Edmonds, Priest
